LA MALADIE DE LA MORT

d'après Marguerite Duras
COLLECTIF OR NORMES

...An esthetically beautiful and carefully crafted show. Christelle Derré has a knack for creating lasting visual impressions...

(France Culture, translated from French)

Everyday the same ceremony is held; a hotel room, a man, a woman. A sea between them. He pays her, she gives in. Dancer Alexandra Naudet, a member of the prestigious Compagnie Philippe Decouflé, is at the centre of this multimedia show between electro-theatrical performance and choreography under video surveillance.

Performed in the original French version and in the English translation.
